

# A-270

Food Processing Cleaner

## Low Foam Wash

### Application

**A-270 Low Foam Wash** is a highly concentrated alkaline food plant cleaner that is effective against multiple soils, especially proteins. A-270 contains a unique surfactant not only breaks the bond between soils and surfaces, but kicks in with superior defoaming action at temperatures above 120°F

### Advantages

- A Concentrated blend of Caustic Alkalis and a Low Foaming Surfactant.
- Very effective at temperature above 120 degrees Fahrenheit
- Removes Protein soil deposits.
- Contains low foaming surfactants for use in systems where minimal foam is desired.
- The surfactant system creates a reduced solution surface tension that results in a better cleaning and more thorough rinsing.

### Product Data

- Product # A-270
- Color: Clear Colorless
- pH: 14
- Odor: Slight plastic
- DOT Class: Corrosive 8

### Product Utilization

- Washing processing equipment.
- Washing eggs.

### Special Reminders

**CORROSIVE!!** Wear Safety Gear.  
Do not pour into improper or unlabeled containers.

### Limitations and Handling

- **Keep it away from children.**
- Material Safety Data Sheets are available in compliance with the worker's "Right To Know Law"
- If the msds is not available, call 1-800-456-4743 for a replacement.
